Facts About Chichén-Itzá

Here are some fact regarding the mayan ruins of mexico and some images to partner up with them.

Chichén-Itzá is a large ancient Mayan city in the northern state of Yucatán, Mexico. It was one of the largest cities in the Mayan world, with a population of approximately 125,000 people at its peak. The city was founded around 600 AD and flourished until the early 10th century. It is known for its well-preserved ruins, including the Temple of Kukulcán, the Great Ball Court, and the Observatory.

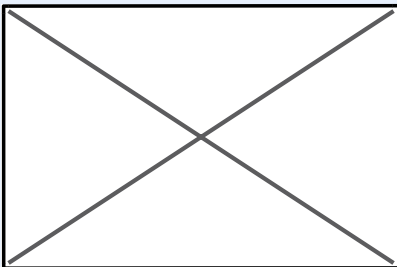

The city was a major center of trade and commerce, and it played a significant role in the Mayan civilization. It was a hub for the exchange of goods and ideas, and it was a center of political and military power. The city was also a center of religious and cultural activity, and it was a place of great importance for the Mayan people.
